

## **Millwright Preservation Technician**

### **Date posted:**

At Alexander Willowridge, one of our core values is 'People First'. We are looking for an experienced and safety focused Millwright – Preservation Technician to join our team. Alexander Willowridge provides industry leading construction and site services to our clients. Every team member is made to feel a part of the AWLP family.

### **Job description:**

**The Millwright – Preservation Technician** performs preservation and preventative maintenance activities on industrial equipment. This role ensures that critical mechanical assets remain in a ready-for-service condition during storage, commissioning, or plant shutdown phases. The successful candidate will be responsible for executing preservation procedures on rotating and static equipment in accordance with industry best practices and site-specific standards.

The Millwright – Preservation Technician performs the following tasks:

- Perform mechanical preservation tasks including lubrication, desiccant replacement, rotation of shafts, sealing, and protective wrapping.
- Conduct inspections of preserved equipment to verify condition and compliance with preservation schedules.
- Document all preservation work using checklists, forms, or computerized maintenance systems (CMMS).
- Maintain and restore equipment in accordance with OEM guidelines, preservation manuals, and engineering standards.
- Collaborate with planners, engineers, and other trades to ensure preservation integrity across all asset classes.
- Troubleshoot mechanical preservation issues and recommend corrective actions.
- Assist in the de-preservation of equipment prior to installation or commissioning.
- Comply with all safety, health, and environmental policies and procedures.
- Maintain cleanliness and organization of work areas and storage environments.
- Other tasks as required

### **Requirements:**

- Journeyperson Millwright certification or recognized equivalent.
- 3+ years of industrial maintenance or mechanical preservation experience.
- Strong mechanical aptitude with knowledge of pumps, compressors, gearboxes, motors, valves, and other plant equipment.
- Ability to read and interpret mechanical drawings, preservation procedures, and technical manuals.
- Proficiency in using hand tools, torque equipment, and alignment instruments.

- CSTS 2020
- WHMIS 2015
- Valid Class 5 driver's license, with a clean drivers abstract

#### **Additional Preferred Requirements:**

- Experience in oil & gas, mining, power generation, or large industrial projects.
- Knowledge of preservation practices per API, OEM, or ISO guidelines.
- Forklift or overhead crane certification.

#### **What do you need to succeed?**

- Strong attention to detail and organizational skills
- Self-motivated and capable of working independently or as part of a team.
- Effective communication and documentation skills.
- Commitment to safety and quality standards.
- A positive attitude and a drive for success

#### **Working Conditions:**

- Work is performed in an industrial environment (construction sites, laydown yards), with uneven terrain
- Exposure to noise, dust, and varying weather conditions
- Requires standing, lifting, bending, and use of PPE for extended periods

#### **Why do you want to work with us?**

We're invested and committed to people first. We know when our employees are safe, healthy, and happy—everyone wins.

#### **We offer:**

- Competitive wages
- Opportunities for career growth and professional development
- A positive work culture, focused on inclusivity and safety
- Community initiatives that make an impact

We mean what we say when it comes to our values: Safety, Quality, Integrity, People Driven, Shared Success. Come join our team!

Shift: 5x2 Split: Monday – Thursday/Friday: 630am-5pm/3pm  
OT after 8 hours worked

**Benefits:**

- Dental care
- Extended health care
- Life insurance
- RRSP match
- Vision care

**Ability to commute/relocate:**

- Fort Saskatchewan, AB: reliably able to commute to and from Dow Chemical site

**Experience:**

- Preservation: 3 years (preferred)

**Licence/Certification:**

- Journeyperson Millwright ticket (required)
